

ABDI SETIAWAN

Abdi Setiawan's installation works take on a particularly cynical representation of modern Indonesian life. Sympathetic towards marginalized figures such as sex workers, transvestites, buskers and *becak* drivers, Abdi expresses conflicts of the human condition through human figures and the rich nimbus of supporting elements that accompany their existence. The artist lives and works in Yogyakarta, Indonesia.

Born 1971, Sicincin, Pariaman, West Sumatra, Indonesia.
